

Projects

Emaar Panorama
One of Dubai's premier golf residential clusters

Client: Emaar Properties PJSC

Project name: Emaar Panorama in the Greens

Highlights: 224 apartments, 60,000 square meter development

Location: Greens, Dubai, United Arab Emirates

Technical: 1322 TR HVAC

About

The 60,000 square meter area development is a unique residential oasis on Dubai's pristine Gold Course. The distinguishing feature is the panoramic views of the links from each of the 224 apartments. Universal Voltas has design checked, engineered, procured, installed, tested and commissioned the development's electromechanical services and building management services involved.
